

ASNIC Student Government Resolution
REGARDING Representation of Stakeholders By
Annie Vladovska ASNIC Student Government President
Sponsored by Taylynn Anderson ASNIC Student
Government Vice President

WHEREAS, The Associated Students of North Idaho College is a non-partisan group that is involved in promoting student success and excellence in communication between students and other campus constituents. We will support every president who is committed to actively participate in the NIC community, listen to student voices, and strive for excellence.

WHEREAS, We support following best practices by including all stakeholders, students, faculty, staff, and community in the search and selection process of the next president. We believe that the search process should begin as soon as possible so that the new president can assume the office prior to the Fall 2022 semester.

THEREFORE, As has occurred in previous searches, we strongly encourage that forums be conducted for all final candidates so that all stakeholders, especially students, have the opportunity to meet and provide feedback on the candidates. We also feel strongly that students should be represented on the upcoming presidential search committee and all search committees for key leadership positions.
