Frequently Asked Application Questions (FAQs)

Q: When and how will I know if I got into the program?

A: *Applicants will be notified of acceptance or denial to program approximately three months after application deadline occurs. Applicants will be notified via standard mail. It is vital that any changes to your address be reported directly to the nursing advisor so corrections can be made prior to decisions being mailed. Please notify the nursing advisor via phone or email @ (208)769-3373 or wendy.mcintosh@nic.edu.*

Q: Do I get points for the requirements I'm working on now?

A: *Courses in progress at the application deadline are not eligible for bonus points nor are they factored into cumulative GPA on program requirements.*

Q: Do I get points if I'm in the military or a veteran?

A: *Military service is not eligible for additional points; however, In the event there are applicants with an equal number of points, and the number of applicants (who are tied) outnumber the remaining open positions in the program, the following system will be used to determine who is selected:*

- *Applicants with an equal number of points (tied) who have provided appropriate documentation of military service will be put at the top of their point category. If there continues to be a tie, then:*
- *Cumulative GPA on completed program requirements will be used to rank the remaining tied applicants. If there still continues to be a tie, then:*
- *A random drawing of all the remaining tied applicants will be held for the final position(s)*

Q: I applied to the Nursing program on my NIC application but my degree is something different. How do I get this corrected?

A: *Students are not assigned the specific Nursing degree until after they have been accepted to the program.*

Q: My credits at my previous schools transferred as equivalents less than NIC's credits. Do I need to take additional classes or re-take those courses?

A: *This is a common occurrence when courses are transferred from a quarter system to a semester system. Additional credits will only need to be completed if overall credits for graduation are not met.*

Q: May I apply to the program more than once?

A: *Applicants who have been **accepted** to a nursing program at North Idaho College on two different occurrences are no longer eligible for consideration for admission. Applicants are permitted two separate attempts at success in the North Idaho College nursing programs. This policy applies to acceptance for the Licensed Practical Nursing program and the Associate Degree Nursing program. **There are no restrictions as to the number of times an applicant may apply prior to acceptance into one of the North Idaho College Nursing programs.***

Q: How is GPA calculated when more than one course may meet degree requirements?

A: *If applicants have more than one course that will meet a degree requirement (i.e. three GEM 5 courses or two GEM 3 courses), the course(s) meeting the requirement(s) with the highest grade will be used in GPA calculation.*

Q: Do I need to submit official NIC transcripts?

A: *No, applicants do not need to submit official NIC transcripts. However, it is highly recommended that applicants with transfer credits view their transcript evaluations **before** the application deadline to assure that they have courses which meet the prerequisite admission requirements for the Associate Degree Nursing program at North Idaho College. The transcript evaluation may be viewed on the applicant's MyNIC account. Once logged into your MyNIC account, at the top of the screen in the **Search** box type '**Transcript Credits**' and find the search result for **Transfer Summary**.*

Q: I studied abroad and have some credits or have a degree from a non-US college or university. Can I submit my transcript from that institution by the nursing deadline? If my foreign credits are listed on another US college or university transcript, can I submit that US college transcript to meet the requirement?

A: *No, we cannot accept foreign transcripts in those manners. All non-US college transcripts must be evaluated by a professional international transcript service such as WES.org, at the student's expense. That organization will then provide the evaluated transcript on behalf of the student to NIC. Such evaluated transcripts must be received by the nursing application deadline. Just like US transfer credits, we cannot accept foreign transfer credits listed on another school's transcript. Please refer to [Admissions International Students \(nic.edu\)](http://nic.edu) for additional information.*

Q: What is the minimum eligible grade for each prerequisite and general education requirement for the Associate Degree Nursing program?

A: *A minimum grade of C/2.0 must be earned in each required prerequisite and general education requirement for the Associate Degree Nursing program.*
