

# North Idaho College

## RADIOGRAPHY TECHNOLOGY PROGRAM

### FALL 2023 APPLICATION PACKET

**Application Period: February 21, 2023 - May 22, 2023**

**Application materials must be received in the Cardinal Central Office  
no later than 5:00 p.m. on Monday, May 22, 2023.**

**Application materials must be submitted as follows:**

Email application materials to: [HPN@nic.edu](mailto:HPN@nic.edu)

Application materials can also be mailed or delivered to: North Idaho College, Cardinal Central Office (Lee-Kildow Hall), 1000 West Garden Avenue, Coeur d'Alene, ID 83814.

In Person: Text 'Cardinal' to (208) 268-6485 to get in line.

All application materials must be received by 5:00 p.m. on posted deadline date.

**Questions can be directed to:**

Cardinal Central Office (208) 769-3311, or

Health Professions & Nursing (HPN) Admissions – email: [HPN@nic.edu](mailto:HPN@nic.edu)

Betsy Conery, Student Success Navigator for Health Professions (208) 625-2320,

[Betsy.Conery@nic.edu](mailto:Betsy.Conery@nic.edu)

Matthew Nolan, Program Director (208) 676-7133, [Matthew.Nolan@nic.edu](mailto:Matthew.Nolan@nic.edu)

**Do not submit this page. Retain for your records.**

# North Idaho College Radiography Technology (RADT) Program Application Checklist and Information

Read the entire application and follow instructions for completing and submitting necessary application materials. All required application materials must be received by the Cardinal Central Office no later than 5:00 p.m. on Monday, May 22, 2023 to meet the application deadline.

## Step 1:

### **Application to North Idaho College (If Applicable)** Complete Incomplete

Applicants must complete a degree-seeking application to attend NIC for the Fall 2023 semester if NOT enrolled and attending North Idaho College (NIC) during the preceding Spring 2023 term. Non-degree seeking students and Dual Credit enrolled students attending during the spring term must also complete a degree-seeking application for the Fall 2023 semester to meet program application eligibility. Use the 'Apply Now!' link on the [NIC Cardinal Central](#) website to apply.

## Step 2:

### **Radiography Technology Program Application (Page 10)** Complete Incomplete

Applicants must complete and submit appropriate pages from this RADT program application including the Radiography Technology Program Application form. Locate and download the printable Radiography Technology application packet on the [NIC Cardinal Central](#) website. Appropriate signature and date information is required! No electronic signature allowed!

### **Acknowledgement of Physical/Technical Standards (Page 11)** Complete Incomplete

Applicants must complete and submit the 'Acknowledgement of Physical and Technical Requirements' form from the Radiography Technology application packet. Appropriate signature and date information is required! No electronic signature allowed!

### **Acknowledgement of Vaccination Requirements (Page 12)** Complete Incomplete

Applicants must complete and submit the 'Acknowledgement of Vaccination Requirement' form from the Radiography Technology application packet. Appropriate signature and date information is required! No electronic signature allowed!

### **Prerequisite Course/Schedule Info (If Applicable - Page 13)** Complete Incomplete

Applicants (including Dual Credit enrolled students) who are enrolled in prerequisite courses during Spring 2023 at a school **other** than North Idaho College must complete and submit the Prerequisite Course Information Sheet and submit a copy of the applicant's registration schedule to validate eligibility to meet all required prerequisites. Applicants should keep a copy of this form to remind them of important transcript due dates!

### **Health Care Certification/Licensure/Work Experience Documentation (If Applicable)**

Complete  Incomplete

Submit appropriate documentation to validate health care certification, licensure or work experience. Criteria for the points associated with these categories can be found on page 8.

### **Previous Program Statement (If Applicable)** Complete Incomplete

Applicants who have previously attended any Radiography Technology Program must submit a letter of good standing from their previous institution and program. The statement must indicate be on institutional letterhead, signed by a program administrator, and indicate the student was not dismissed due to unethical circumstances or other unfavorable situations.

**Do not submit this page. Retain for your records.**

## RADT Program Application Information and Checklist (continued)

### Step 3:

#### **Official College & Other Required Transcripts**

Complete  Incomplete

**ALL** official college and military transcripts must be received in the Cardinal Central Office by the posted deadline dates. Courses completed at North Idaho College do not require official transcript submission. Please be aware that transfer institution transcripts are not retained for a long period of time and you may need to reorder official transcripts even if transfer credits were previously posted to your NIC transcript. Only courses that appear on an originating educational institution's official transcript at the application deadline will be used to determine points for admission. Applicants using ACT or SAT scores to meet the English course requirement must submit a paper copy of the scores if the course credit does not appear on the transcript. Test scores are valid for four years from the test date. International college/university transcripts must be professionally evaluated by [WES](#) or a similar [NACES-member organization](#). An official course-by-course evaluated transcript must be sent from the organization to NIC by the application deadline. It is recommended an applicant pay to have records retained with the agency in case there is a need to request the evaluated transcript again for future employment opportunities/licensure requirements.

#### **Official High School Transcript/GED for *current Dual Credit Enrolled Students* (If Applicable)**

Additionally, if HS program or GED is in progress and the applicant is accepted to the program, the final HS transcript or GED must be received prior to starting RADT program courses.

### Step 4:

#### **Test of Essential Academic Skills (TEAS) Assessment Exam**

Complete  Incomplete

Each applicant must complete the TEAS assessment exam and submit score documentation that includes the 'Individual Performance Profile' report with the Student Name, Test Date, Total Score Percentage, as well as the percentage score details associated with each of the following categories: Reading, Math, Science, and English/Language Usage. Please note, the TEAS score report documentation must be submitted to Cardinal Central after an applicant has applied to attend NIC as noted in Step 1 (page 2). TEAS documentation submitted prior to college application (Step 1) may not align with student record detail and miss eligibility consideration.

The TEAS exam must be completed January 1, 2022 or more recently to be considered for the Fall 2023 RADT application cycle. TEAS score results from test dates prior to January 1, 2022 will not meet program application eligibility. If the TEAS exam has been repeated, the most recent score will be used for application purposes. **Information about the minimum TEAS assessment score requirements along with an example document is available on page 7.**

Three TEAS exam sessions will be available at the NIC's Testing Center prior to the RADT Program application deadline. Testing capacity is limited so an applicant may take the TEAS only once each application cycle through NIC's Testing Center and pre-scheduling a test date appointment is necessary. Click on the following link to view available sessions and schedule an exam appointment at NIC in Coeur d'Alene, Idaho: [www.nic.edu/teas](http://www.nic.edu/teas). Applicants unable to schedule or attend one of the TEAS sessions available at NIC's Testing Center are still responsible for completing this program application requirement through other approved testing agencies/sources. Please contact NIC's Testing Center for alternate testing option information.

**Do not submit this page. Retain for your records.**

#### **Step 4: Test of Essential Academic Skills (TEAS) Assessment Exam (continued)**

Important things to know about completing the TEAS exam at NIC's Testing Center.

- A. Applicants must pre-schedule to take the exam at NIC's Testing Center. The approximate cost is \$65.00. Applicants must bring the following to the test site on the scheduled test date.
  1. A government issued photo ID or a NIC student photo ID.
  2. A valid credit/debit card to pay for the exam. Cash or check is NOT accepted.

**Applicants without a valid photo ID and credit/debit card will not be allowed to test!**

- B. The exam may take up to 4 hours to complete. The exam may be taken only once at NIC each application period. If the TEAS is completed or repeated through a different testing agency, the most recent scores will be used for the program application. It is the applicant's responsibility to submit the TEAS exam score report documentation as well as any subsequent repeat exam score report(s) to NIC by the application deadline.
- C. North Idaho College is committed to serving TEAS examinees with documented disabilities by providing reasonable accommodations appropriate to the examinee's diagnosis and needs. North Idaho College also provides some support for English Learners and English as a Second Language (ESL) students. In order to be considered for TEAS accommodations, please contact the NIC Disability Support Services (DSS) Office by calling 208-665-4520 prior to scheduling an exam. The DSS office is located in Seiter Hall, Room 100.

If completing the TEAS exam through an alternate testing agency, it is the applicant's responsibility to understand the testing center requirements (in-person and/or online) and associated exam costs. The applicant is responsible for the TEAS exam cost, any administrative fees assessed by the alternate testing site/agency, and for submission of the appropriate TEAS score report documentation to NIC by the application deadline.

#### **Step 5:**

##### **Review Online Checklist/Transfer Credits (May Need Repeat Review As Items Are Received)**

Complete     Incomplete

It is the applicant's responsibility to ensure that all required information is included in the application submission. Once the NIC application and the RADT program application processes are completed as noted for Steps 1 and 2, an online checklist regarding required application materials will be created. This online checklist process can take between three to five business days to generate. If you are applying close to a deadline, you may not be able to review your checklist before the deadline date. Plan ahead for applying so you have time to review your online checklist!

After the online checklist is created, an applicant may verify application documents received on their **MyNIC** account. To view the checklist, you must log into your **MyNIC** account. Select **Self Service** under the **Services** area. Once you are within **Self Service**, on the left-hand side panel, select the person avatar icon (**User Options**) and select **My Documents**. If the **Status** column says **Not Received** for the **Requesting Office of Admissions**, we will need that document for your program application file. No verbal or other written verification will be given. No recognition is given for requirements/courses without documentation.

Applicants with transfer credits are encouraged to view their transcript evaluations before the application deadline to ensure that they have courses which meet the Radiography Technology Program prerequisite admission requirements. The transcript evaluation may be viewed on the applicant's MyNIC account. Once logged into your MyNIC account, at the top of the screen in the **Search** box type '**Transcript Credits**' and find the search result for **View Transfer Credits**.

**Do not submit this page. Retain for your records.**

## RADT Program – Additional Information

- Two online Radiography Technology Program Application information sessions will be scheduled prior to the posted application deadline. Use the following link to join a session:

[RADT Program Application Info Session - March 15, 2023 at 12:00 p.m. \(Noon\)](#)

or access the session using the following login detail: <https://nic.zoom.us/j/82634067247>

[RADT Program Application Info Session - April 11, 2023 at 3:00 p.m.](#)

or access the session using the following login detail: <https://nic.zoom.us/j/82204424608>

Information session attendance is NOT required for application to the program; however, we welcome participation if you have any questions related to the application process. The current application requirements will be reviewed during the session. Attendees are encouraged to thoroughly review the application prior to the information session and have questions ready as each application element is addressed. In the unlikely event the information session is not available as planned or if an applicant is unable to attend the scheduled session, it is still the applicant's responsibility to thoroughly read and understand application requirements. If application information or assistance is needed, applicants are encouraged to contact the Student Success Navigator noted on page 1 of the application.

- Applicants are encouraged to access the [Radiography Technology](#) website to ensure awareness and understanding about the program, degree requirements, and accreditation details. Tuition and fee information can be found on the NIC [Tuition & Fee](#) website. In addition to tuition costs, program-specific course fees are estimated to be approximately \$4,000 over the course of the two-year program. Applicants are strongly encouraged to complete a FAFSA form ahead of time to assist in determining financial aid eligibility. Prior to accepting a position in the program, applicants will need to plan appropriately regarding payment for the tuition and course fees costs. It is important to have a plan in place for potential program costs in the event financial aid and/or scholarship funding is not available.
- Up to ten students will be admitted to the Fall 2023 Radiography Technology Program. The program is scheduled to begin at the start of the fall term on August 21, 2023. Please note, the program will include five instructional terms – a fall, spring, summer, and subsequent fall and spring term – with an anticipated May 2025 graduation date.
- Applicants will be notified of acceptance status by the end of June 2023. Initial program acceptance notification will be sent by email to the email address indicated on the program application. Please watch your incoming email messages (including junk mail) for a program status update and be ready to return required documentation/forms if requested.
- Completion of a background check and drug screening will be required upon acceptance.
- Federal regulations require that persons operating x-ray equipment be eighteen years of age or older. Applicants accepted into the program must be 18 years old by the anticipated Fall 2023 program start date on August 21, 2023.

**Do not submit this page. Retain for your records.**

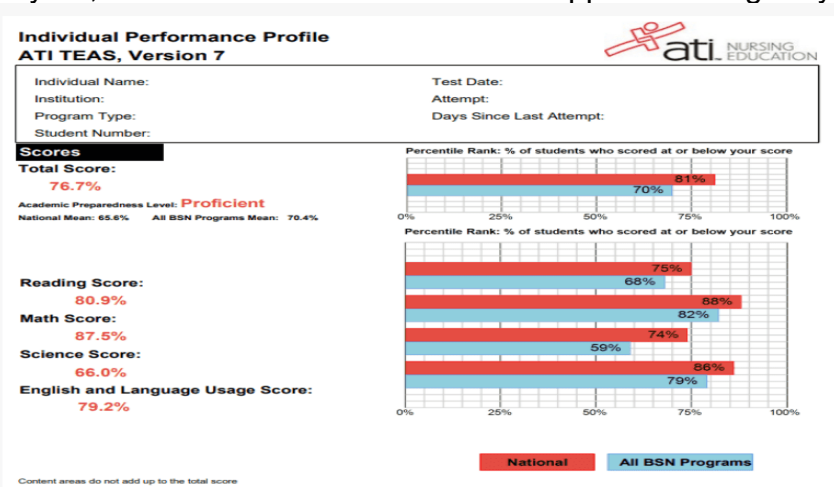

## **RADT Program – Additional Information (continued)**

- If accepted into the program, the applicant will be required to attend a **mandatory Radiography Technology Program orientation on Wednesday, August 16, 2023 from 9:00 a.m. - 3:00 p.m.** on the North Idaho College campus. Students will be notified of the specific location when program acceptance packet information is mailed in early August.
- Acceptance packet materials will be mailed to each accepted applicant prior to program orientation in August. If your address changes between applying to the program and the scheduled orientation date, be sure to notify the Student Success Navigator of your new address so program information and acceptance packet materials can be mailed to the correct location.
- Registration for Fall 2023 Radiography Technology Program programmatic courses will occur during the mandatory program orientation session in August. If you need to complete any general education course(s) for purposes other than the program, you may register for these courses as soon as your assigned registration time opens to ensure the best chance at course registration availability. Do not wait until program orientation to register for any non-programmatic courses! Let us know if you need assistance with the registration process for any general education courses or if you have questions about registration.
- Please know that program cohort schedules, acceptance notification, deadlines and conditions are subject to change based upon unforeseen developments including those surrounding COVID-19 and institutional accreditation status.

**Do not submit this page. Retain for your records.**

## Fall 2023 RADT Admission Selection Criteria

- A. Required prerequisite courses are listed on the Fall 2023 RADT Application Point Calculation Worksheet (page 9). All prerequisite courses must be completed by the application deadline to meet application eligibility. Official transcript(s) with final course grades must be received by the application deadline to validate course completion for purposes of application point calculation and for purposes of meeting program eligibility. Missing prerequisite courses and/or missing official transcript records will result in an incomplete or ineligible application status.
- B. Points will be awarded for prerequisite courses as noted. Courses must be completed with a grade of C/2.0 GPA or higher to meet application eligibility; however, only courses completed with a C+/2.3 GPA or higher will be eligible for application points.
- Courses with grades of **P** (pass) or **S** (satisfactory) or courses that have not received a grade due to advance placement scores will be awarded points equivalent to a C+ grade.
  - Courses which have been documented as **waived** do not receive grades or credits and will not be awarded points, but will be accepted as meeting program requirements.
  - Courses in-progress at the time of the application deadline receive no points.
  - Courses may be repeated more than once to improve a grade. If repeated, the most recent course grade will be used in the program application scoring process.
  - If more than one course will meet a degree requirement (i.e. two or more GEM 3 MATH courses, ENGL 101/ENGL 102, or completion of both PSYC 101 and SOC 101), the course with the highest grade will be used in the application point calculation process.
- C. A TEAS 'Total Score' percentage of 65.0% or higher is required to meet minimum program application eligibility. A TEAS report reflecting a 'Total Score' percentage less than 65.0% will result in an ineligible application status. For applicants who meet the minimum TEAS 'Total Score' percentage, the score percentage details for individual TEAS categories in Reading, Math, Science, and English/Language Usage will be combined with the initial point calculation number to determine the final selection of up to ten program participants and two program alternates. A score report submission that does not include the applicant name, test date, and all score percentage category details (as reflected in the example below) will result in an incomplete or ineligible application status. The most recent test date score details for the period of January 1, 2022 to May 22, 2023 will be used to determine application eligibility and point calculations.

TEST-GUIDE

**DOCUMENT EXAMPLE** Do not submit this page. Retain for your records.

## Fall 2023 RADT Admission Selection Criteria

- D. Points will be awarded to residents of Idaho's five northern counties (Benewah, Bonner, Boundary, Kootenai and Shoshone). Residency status will be determined by the Cardinal Central Office based on information submitted on the North Idaho College application.
- E. Points will be awarded to applicants who have completed a Bachelor's degree or higher from an accredited U.S. Department of Education institution that is recognized by NIC. Official transcripts reflecting the degree detail must be received by the application deadline.
- F. Points may be awarded for health care certification/licensure. Documentation must include current state or federally approved credentials and must be provided with program application materials by the application deadline to be considered.
- G. Points may be awarded for radiology and imaging-specific health care work experience. Documentation for work experience should include a letter from the employer on company letterhead indicating the applicant's name, normal (day-to-day) job duties affiliated with the position held, employment dates, and supervisor contact (phone and email) information. The letter must be signed and dated by the applicant's supervisor and must be provided with program application materials by the application deadline to be considered.
- H. Additional Information:
- If necessary, GPA for program eligibility will be calculated on courses that meet degree requirements for the Radiography Technology Program.
  - In the event there are applicants with an equal number of points, and the number of tied applicants outnumber the remaining open positions in the program, the following system will be used to determine who is selected:
    1. Applicants with an equal number of points (tied) who have provided appropriate documentation of military service will be put at the top of their point category.  
If there continues to be a tie, then:
    2. GPA, as defined above, will be used to rank the remaining tied applicants.  
If there still continues to be a tie, then:
    3. A random drawing of all the remaining tied applicants will be held for the final seat.

**Do not submit this page. Retain for your records.**

## Fall 2023 Radiography Technology Program Application Point Calculation Worksheet

Name \_\_\_\_\_ Student ID \_\_\_\_\_

Courses must be completed with a grade of C/2.0 GPA or higher to meet application eligibility; however, only courses completed with a C+/2.3 GPA or higher will be eligible for application points. 'P'/Passing grade = points equivalent to a 'C+' grade.

<b>COURSE:</b>	<b>Grade Points</b>	<b>A 200</b>	<b>A- 180</b>	<b>B+ 160</b>	<b>B 140</b>	<b>B- 120</b>	<b>C+ 100</b>
BIOL 227/BIOL227 Lab (Human Anatomy & Physiology I)							
BIOL 228/BIOL 228 Lab (Human Anatomy & Physiology II)							
GEM 3 MATH (Any GEM 3 MATH course)							
<b>COURSE:</b>	<b>Grade Points</b>	<b>A 100</b>	<b>A- 90</b>	<b>B+ 80</b>	<b>B 70</b>	<b>B- 60</b>	<b>C+ 50</b>
CAOT 179 (Medical Terminology)							
COMM 101 (Fundamentals of Oral Communication)							
ENGL 101 (Writing and Rhetoric I) <u>or</u> ENGL 102 (Writing and Rhetoric II)							
PSYC 101 (Introduction to Psychology) <u>or</u> SOC 101 (Introduction to Sociology)							

**Prerequisite Course Grade Calculation** (Potential Points = 1000) \_\_\_\_\_  
Utilize point scale above to calculate grade application points.

**Residency in Idaho's 5 Northern Counties** (Potential Points = 20) \_\_\_\_\_  
\_\_\_\_ Benewah \_\_\_\_ Bonner \_\_\_\_ Boundary \_\_\_\_ Kootenai \_\_\_\_ Shoshone

**Previously earned Bachelor or higher degree** (Potential Points = 20) \_\_\_\_\_  
Previously earned Bachelor or higher degree from regionally accredited institution recognized by NIC.

**Health care certification/licensure** (Potential Points = 30) \_\_\_\_\_  
Documentation must include current state/federally approved credentials to be considered.

**Radiology/Imaging-Specific Work Experience** (Potential Points = 30) \_\_\_\_\_  
Documentation must include required criteria to be considered.

**Initial Point Calculation** (Potential Points = 1100) \_\_\_\_\_  
Based on point categories noted above.

# Fall 2023 Radiography Technology Program Application

## Radiography Technologist Physical and Technical Standards

Please read the following statements identifying **Physical and Technical Standards** necessary to perform the job of a radiologic technologist. Individuals entering the field are expected to meet these standards with or without reasonable accommodations. After reading through the list, please sign and date your acknowledgement of minimum physical and technical standards and requirements related to the program and profession.

***In order to manage the dynamic medical environment that the Radiography Technologist works and learns in, all students in the program must have sufficient strength, motor coordination, manual dexterity, and mental capacity to meet standard requirements within the profession. At a minimum, all Radiography Technology Program students must meet the following requirements:***

1. Comprehend reading material at the 11th grade level or beyond.
2. Communicate and assimilate information through various methods of communication including, but not limited to, the spoken word and reading.
3. Gather, analyze, and draw conclusions from data.
4. Stand for a minimum of two hours.
5. Walk for a minimum of six hours, not necessarily consecutively.
6. Stoop, bend, and twist for a minimum of 60 minutes at a time and be able to repeat this activity at frequent intervals.
7. Function without causing harm to self or others if under the influence of prescription or over-the-counter medications.
8. Move, or assist to move, a 50-pound person or assist with a larger person and transfer the person from one location to another, with safety for self, the person, and others.
9. Determine by touch: hotness/coldness, wetness/dryness, and hardness/softness.
10. Use muscle dexterity necessary to do such tasks as gloving, gowning, and operating controls on machinery.
11. Respond to spoken words, monitor signals, call bells, and vital sign assessment equipment.
12. Identify behaviors that would endanger a person's life or safety and intervene quickly in a crisis situation with an appropriate solution.
13. Remain calm, rational, decisive, and in control at all times, especially during emergency situations.
14. Exhibit social skills appropriate to professional interactions.
15. Listen attentively and think critically.

### Student Temporary Accommodation

In the event that a student sustains an injury or illness that results in the student's inability to participate in practical examination or skills checks requiring the above abilities, the student will be referred to NIC's Disability Support Services (DSS) ADA office to determine reasonable temporary accommodations. In the event that reasonable accommodations are not able to be provided, the student may be placed on deferment.

Health Professions and Nursing [www.nic.edu](http://www.nic.edu)

## Important Acknowledgement of Vaccination Requirements by Health Care Facilities/Clinical Sites

**In order to meet course and program outcomes and receive the Certificate or Associate of Applied Science degree in your chosen Health Professions program and to qualify to take the licensure or certification examinations, all Health Professions students are required to participate in clinical activities.**

The North Idaho College Health Professions programs utilize health care facilities throughout the region to achieve the external and internal clinical component of the programs. Some, if not all, of the Health Care Facilities providing clinical sites currently (or may in the future) require evidence of vaccinations including the COVID-19 vaccination in order to participate in clinical experiences at their facilities. Below is a list of all vaccinations currently required at facilities.

Any student enrolling in any of our Health Professions programs is informed that the College has no duty and/or obligation to secure a Health Care Facility/Clinical Site that does not require COVID-19 or any other vaccinations as part of the clinical component of the Program. North Idaho College may inquire, on behalf of Students, potential exemptions that Health Care Facilities/Clinical Sites may accept for purposes of Student's election not to obtain a vaccine, including any religious or medical exemption that may be available. All admitted students must recognize and agree that acceptance of such exemption is left to the sole and absolute discretion of the Health Care Facility/Clinical Site and not the college.

Current Vaccination Requirements: (may be altered by healthcare facilities at any time)

- Measles, Mumps, Rubella (MMR)
- Varicella (Chicken pox)
- Hepatitis B
- Annual influenza
- Tetanus/Diphtheria/Pertussis
- COVID-19

If a student does not wish to become vaccinated then NIC may not be able to find placement in an internal or external clinical site.

Sign acknowledging receipt and understanding of the above information:

## Prerequisite Course Information Sheet

Students (including Dual Enrolled students) currently enrolled or planning to enroll in prerequisites at schools **other** than North Idaho College must complete this information sheet. This sheet and documentation of enrollment in the prerequisites listed below must be submitted with the application in order to provide evidence of program eligibility. Enrollment documentation needs to reflect applicant name, enrolled term and course(s) enrolled. Applicants do not need to complete this form for prerequisite course enrollment at North Idaho College or for prerequisite courses previously completed as these course(s) will be reflected on official transcript records submitted for application to the program.

Student Name \_\_\_\_\_

Prerequisite course/s I am currently taking: \_\_\_\_\_

\_\_\_\_\_  
\_\_\_\_\_

Name of college \_\_\_\_\_

Course/s will be complete on (date) \_\_\_\_\_

The course/s is/are being offered in a \_\_\_\_\_ quarter \_\_\_\_\_ semester system. (Check one)

Please note: Evidence of registration for prerequisite courses must be submitted to Cardinal Central on or before May 22, 2023 to be considered for application eligibility. Official transcripts with final course grades for all courses not completed at NIC must be received in the Cardinal Central Office by the May 22, 2023 application deadline. Final course grades for all courses listed on this form must also be documented by official transcript and received in the Cardinal Central Office by the May 22, 2023 application deadline to be considered for program eligibility.

**Submit this page if applicable.**
